OUR VISION

From our first rifle to our latest in-house suppressor for the .308 platform, we have adhered to a single principle: weapons must serve warriors for life. Our vision is to be the trusted partner of every operator, every team, and every mission by delivering platforms that carry forward a legacy of reliability, innovation, and lifetime support.

To maintain that legacy, we developed an ultimate battle ready weapon combination: an accurate, rugged rifle with multi function capability and tactical ergonomics; a suppressor that minimizes blowback and offers WW QD Flash Hider Thread/HUB Compatible Direct Thread Adapter support with The Owl suppressor; a highly rugged illuminated, variable magnification riflescope designed for long-distance marksmanship; two 20 round magazines; and a durable, mission ready Atlas® bipod.
